## ***What's still to do?***

*We need your help to buy and install:*

- ✓ framed windows
- ✓ window blinds
- ✓ doors and door fittings
- ✓ furniture and fittings for classrooms, offices and toilets.

Classrooms are designed to accommodate up to 35 pupils in comfort. On completion the school will have facilities for up to 490 pupils.

The main structure is completed and teams of local workers are putting the finishing touches to plasterwork and water and electrical installations. The school will have its own rainwater catchment system and the roof will be fitted with solar panels.

### ***Economy & skills***

Costs have been minimised with support from St Maurus Hanga Abbey. They supplied a qualified Project Manager and reliable skilled workers from their Trade School.
